

CEO Message

Dear colleagues, partners, and friends,

Welcome to the 1st edition of the CINAT Group Ltd monthly newsletter dubbed the Gist. This publication is a platform through which we will share our journey, celebrate our milestones, highlight our partnerships, and keep you informed about the impact we are creating across the communities and industries we serve.

At CINAT Group Ltd, we believe that businesses have a responsibility to create value beyond commercial success. This belief continues to drive our work across CINAT Advertising, CINAT Logistics, and CINAT Technologies as we develop solutions that empower people, strengthen communities, and address real world challenges.

In this edition, we highlight two initiatives that reflect our commitment to this vision. Through our partnership with the Mandela Washington Fellowship Alumni Association of Uganda on the Clean SIP Campaign, we are supporting efforts to improve access to safe drinking water for learners in Jinja District. We also showcase our stakeholder engagements around the BeezyLCL cargo consolidation platform, an innovation designed to improve efficiency, transparency, and trade facilitation in Uganda's logistics sector. We also celebrate our strong team that have enabled these milestones at the end of the month and are pursuant to the betterment of our services.

These efforts demonstrate what can be achieved when purpose, partnerships, and innovation come together. As we continue to grow, we remain committed to nurturing people, ideas, and communities while delivering solutions that make a meaningful difference.

Thank you for being part of the CINAT Group Ltd journey. We look forward to sharing more of our progress and impact with you through the Gist.

CINAT Group Ltd commits to clean water for school going children in Jinja district through partnership with Mandela Washington Fellowship

CINAT Group Ltd & partners capture a moment of collaboration during the press conference announcing the launch of the Clean SIP Campaign, an initiative aimed at improving access to safe drinking water for learners in Jinja.

CINAT Group Ltd has strengthened its commitment to corporate social responsibility by joining the Mandela Washington Fellowship (MWF) Alumni Association of Uganda as the Strategic PR and Media partner for the Clean SIP Campaign, the fellowship's initiative to commemorate this year's Mandela Day.

The campaign seeks to improve access to safe drinking water for nearly 3,000 learners in selected schools across Jinja District through the installation of ceramic water filtration systems. By addressing one of the leading causes of waterborne diseases among school-going children, the initiative aims to create healthier learning environments, improve school attendance, and contribute to better educational outcomes...

Trademark africa funds ucca's beezylcl cargo clearance platform

Cargo consolidators, importers and government officials meet in Kampala to review plans for the BeezyLCL platform.

Uganda's cargo consolidators are building a digital platform to speed up customs clearance for small importers and to make it harder for unregistered operators to work in the sector.

The platform, BeezyLCL, is being developed by the Uganda Cargo Consolidators Association (UCCA) with funding from TradeMark Africa and in coordination with the Uganda Revenue Authority (URA). Its stated aim is to replace the paperwork and scattered communication that slow the clearance of consolidated cargo...

A partnership with trademark africa and uganda cargo Consolidator's association puts cinat group at the center of uganda's consolidated cargo business tracking future

CINAT Group, TradeMark Africa and UCCA partner to enhance cargo tracking and transparency for Uganda's SMEs through the BeezyLCL digital platform.

There is a particular kind of silence that every small importer in Kampala knows by heart. It begins the moment their goods leave a factory floor in Guangzhou or a warehouse in Dubai, and it does not lift until, weeks later, a phone call comes through from a clearing agent with a number attached this is what you owe, this is when it lands, this is what's left after everything is paid. In between, there is nothing. No tracking, no running total, no way of knowing whether the shipment is sitting in Mombasa, moving up the next port, or already parked at a warehouse in Kampala waiting on paperwork nobody has told you about...
